Welcome to Welbourn

Freya and Isla McKinney

2021 Term Dates

Term 3: 26 July - 1 October

Term 4: 18 October - 16 December

Important Upcoming Dates

30 Aug - (Monday) Teacher Only Day

Out Of Zone Placements for Term 1 - 2022

We will be advertising later this term for 'Out of Zone' placements for children starting at Welbourn in Term 1 next year. For us to advertise the right number of places we need to know the number of 'in zone' and siblings of current 'out of zone' children that will be starting at Welbourn in T1 2022.

If you have a child turning 5 and you are not sure whether we have them on our pre-enrolment list, can you please contact the school office to ensure we have the correct details. Also if you know of any families that live within our school zone and have a child starting school in 2022 that might not be on our pre-enrolment list, asking them to contact the school office would be appreciated.

This information really helps us with class organisation and ability to manage our school roll.

Mathsweek

All classes have had a lot of fun this week working on mathematical problems and earning maths stars. Survivor Series, based on the Olympic games has been very successful and classes have been challenged to solve the clues each day. Children have had to decipher numbers for letters, use grids and coordinates to work out many hidden messages to find daily clues and collect items that will hopefully lead to the treasure being found tomorrow. Children have also been eagerly trying to estimate how many lollies are in the jar. The large jar will be coming home with one lucky child next Friday. (There is enough lollies in there to share with the whole family!)

A huge thanks to Mr Shearer & Mrs Lilley for organising and preparing Mathsweek and Survivor Series clues for all classes.

We hope that you have had a chance to chat with your child about what they have been doing this week in maths.

If you haven't had a chance to visit the mathsweek site, there is a lot of fun activities and information to help with mathematics at home.

Go to www.mathsweek.org.nz for lots of ideas and games to practise your maths. Also very helpful is www.nzmaths.co.nz/families

If you have any queries please contact your child's teacher.

Student Conferences

Thank you to all the parents that attended the student conferences this week. We had a fantastic turnout, 93% of our students had a parent attend. These conferences are an important part in the home/school partnership and it does make a difference to your child's learning. If you were unable to attend, please contact your child's teacher to arrange a suitable time to meet and discuss their learning.

A summary report from the conference meeting will be emailed or sent home shortly.

Parking on Arawa Street - A reminder to only use designated parking when dropping off or picking up your child to or from school. We have parents and grandparents that rely on the disabled parks on Arawa St to allow them to safely pick up or drop off children. Please be considerate to those needing these parks. The 5 minute parks on the west side of Arawa St work very well for quick drop off or pick up when parents don't park in these parks. We often have NPDC Traffic Wardens that patrol this area and do issue tickets. Park and Walk is a great way to help with easing traffic congestion and making it SAFER for our students.

Home & School News
