It has been fantastic to see the children collaborating, using problem solving skills, communicating and displaying a large amount of enthusiasm as they work towards the Market Day. We have also had many parents & whānau getting involved as they share their expertise in different areas with the children.

We look forward to our school community being part of this Market Day as valuable customers on the day.

Here are some of the items for sale on Tuesday: Notebooks, Calming Glitter Jars, Mini Cupcakes, Lemonade, Bath Bombs, Coasters, Chopping Boards, Slime, Beeswax Wraps, Scrunchies, Door Stops, Jade Plants in pots and so much more. Come along and check out our Market Day.

Room 10 have been busy testing, trialling and making recycled pots for our Ringa Awhina - Helping Hands Market Day. Oh what a lot of testing they have done to find just the right mix for our recycled paper pots. The pots had to fit our criteria of creating a product that essentially created no waste, was sustainable and could be mass produced. Five prototypes later and Room 10 had cracked it - the perfect pot that could hold soil and water, was sustainable and best of all waste free, as the pots can be planted directly into your garden with your plant to compost naturally. Come check out our stall at the market day - we'd love to see you.
